MEMORANDUM TO: Director of Logistics

SUBJECT: Air Conditioning Equipment - Project AQUATONE

1. This will confirm our detailed discussions on 17 July 56 with respect to the air conditioning equipment requested on Requisition 913-16-18-57. This equipment is for use outside of the United States and is required in lab and storage areas where temperature and humidity must be maintained within certain predetermined limits. As you will recall our discussion delineated the actual location and the technical details.

2. Additional information necessary to support the requirement for such air conditioning equipment exists in Project AQUATONE Headquarters.
